Excavators

Bulldozers

Wheel Loaders

Motor Graders

Skid Steer Loaders

Dump Trucks

We offer an extensive fleet of modern, well-maintained construction equipment available for rental.

Our inventory includes excavators, loaders, cranes, and more, providing the right tools for any job, big or small. Each piece of equipment undergoes regular inspections and maintenance to ensure reliability and safety on the job site. Our flexible rental agreements are designed to meet varying project durations and budgets, giving our clients the flexibility they need to succeed.

Compactors

Crane Trucks

Concrete Mixers

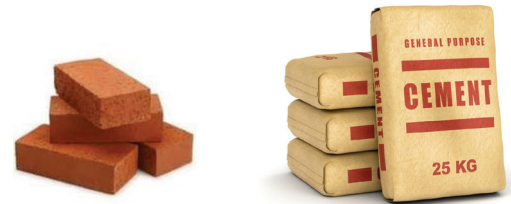

Backhoe Loaders

Materials Supply

Our commitment to quality begins with sourcing materials from trusted suppliers.

We supply a comprehensive range of construction materials, including concrete, aggregates, and specialty items, to ensure that every project has the best resources available. Our logistics team guarantees timely delivery to construction sites, minimizing downtime and keeping projects on schedule. With an emphasis on competitive pricing, we help our clients maximize their budget without compromising quality.

Scaffolding

Our scaffolding services include the design, installation, and maintenance of custom scaffolding systems tailored to the unique needs of each project.

We prioritize safety, adhering to industry standards and regulations during every phase of the scaffolding process. Our experienced team conducts regular inspections to ensure structural integrity and compliance, minimizing risks for workers on-site. Additionally, we offer efficient dismantling services upon project completion, ensuring a smooth and safe transition.

Civil Construction

Our civil construction services encompass a wide range of projects, including roadways, bridges, drainage systems, and residential/commercial buildings.

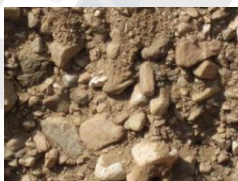

We take a comprehensive approach to project management, guiding clients from initial design through to final construction while maintaining open communication at every stage. Our skilled workforce utilizes advanced techniques and technology to ensure quality and efficiency. We are dedicated to delivering projects on time and within budget, with a focus on sustainability and environmental considerations.

Backfilling Materials

We specialize in providing high-quality backfilling materials that are essential for ensuring the stability and longevity of structures.

Our materials are carefully selected and tested to meet the specific requirements of various applications, including foundation backfill and utility installations. Our team offers expert advice on material selection and site preparation, ensuring that every project is executed with precision. With prompt delivery and excellent customer support, we make the backfilling process seamless for our clients.

we specialize in providing durable and aesthetically pleasing fencing solutions for both residential and commercial properties.

From classic wooden fences to modern metal and vinyl options, our expert team ensures top-quality installation and maintenance, tailored to meet your security and privacy needs. Trust Sahara to safeguard your space with precision and style.

Temporary Facility

Gulf Business Icon Contracting Company offers comprehensive temporary facility solutions designed to enhance project efficiency and safety.

Our services include the provision of modular buildings, site offices, and worker accommodation, all customizable to fit your specific requirements. We prioritize quality and timely delivery, ensuring that your site is equipped with everything needed for seamless operations. Trust us to create a functional and comfortable environment that supports your project's success.

Our Working Partners:

We Work with Established, Credible Partners:

At Gulf Business Icon, we believe that success is built on strong partnerships. Our network of trusted partners helps us deliver quality services and solutions across multiple industries. By collaborating with top-tier companies and professionals, we ensure every project meets the highest standards of safety, efficiency, and innovation.
